**Attachment: Price Adjustment Formula where applicable**

If, in accordance with GCC.18.2, prices shall be adjustable, the following method may be used to calculate the price adjustment:

Prices payable to the Supplier, as stated in the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labor and material components in accordance with the formula:

$$P_1 = P_0 \left[ a + \frac{bM_1}{M_0} + \frac{cM_2}{M_1} \right] - P_0$$

$$a+b+c = 1$$

in which:

$P_1$  = adjustment amount payable to the Supplier.

$P_0$  = Contract Price (base price).

$a$  = percentage of fixed element representing profits and overheads included in the Contract Price normally to be 30% to 35%.

$b$  = estimated percentage of labor component in the Contract Price (In the range of 15% to 20%)

$c$  = estimated percentage of material component in the Contract Price.

$L_0, L_1$  = labor indices applicable to the appropriate industry in the Kingdom of Bhutan on the base date and date for adjustment, respectively.

$M_0, M_1$  = material indices for the major raw material on the base date and date for adjustment, respectively, in the Kingdom of Bhutan.

The coefficients  $a, b,$  and  $c$  as specified by DGPC are as follows:

$a =$  [insert value of coefficient]

b= [insert value of coefficient]

c= [insert value of coefficient]

The Bidder shall indicate the source of the indices and the base date indices in its Bid.

Base date = thirty (30) days prior to the Bid opening date.

Date of adjustment = two-third (2/3) period of scheduled Delivery date or actual Delivery date, whichever is earlier

The above price adjustment formula shall be invoked by either party subject to the following further conditions:

- a. No price adjustment shall be allowed beyond the scheduled Delivery date unless specifically stated in the extension letter. As a rule, no price adjustment shall be allowed for periods of delay for which the Supplier is entirely responsible. DGPC will, however, be entitled to any decrease in the prices of the Goods subject to adjustment.
- b. .No price adjustment shall be payable on the portion of the Contract Price paid to the Supplier as advance payment.
- c. Price adjustment shall be payable within a maximum ceiling of twenty percent (20%) over the Contract price.
